

CORCON 2010 – INDIA

NACE International Gateway India Section (NIGIS) is organizing CORCON 2010 East Asia Pacific Area Corrosion Conference and Expo during September 23 – 26, 2010 at Hotel Intercontinental - The Lalit, Goa, India. This is a world renowned holiday destination with excellent beaches and old churches.

NIGIS organized the first corrosion conference in 1994 and started the 'CORCON' series of conferences in 1997. NIGIS has so far organized 17 annual conferences.

CORCON 2010 will include:-

- Technical symposia for the presentation of contributory papers including keynote talks.
- Open sessions for discussions of corrosion related issues.
- Expo for display of products and services.
- Celebration of corrosion awareness day and presentation of annual awards to individuals and organizations for their contributions in the field of corrosion and its control.
- Talks by eminent scientists and professionals, distinctive technical papers.
- Supportive sponsors and exhibitors and enthusiastic delegates are a hallmark of CORCON events in India.

CORCON regularly attracts more than 600 delegates, 25 sponsors, 45 exhibitors and over 100 technical papers besides keynote talks. The annual CORCON conferences / events of NIGIS provide an excellent opportunity for sharing knowledge and experiences related to the science of corrosion, the technologies to control it and for developing your network of contacts contributing to growth and development in the field of corrosion-control. It provides ample time to share experiences & discuss case studies so that such an interaction provides comprehensive solutions to the field problems.

Conference Venue

Inter Continental - The Lalit Goa Resort lies in 85 tranquil acres between the Arabian Sea, the Talpona River and the Sahyadri Mountains in south Goa. The resort is brimming with leisure possibilities such as golf, tennis and water sports. Goa's famous churches, temples and historic sites are short drive away. 'Tito's' is the most talked nightspot in the area.

Located in the South Goa, only 63 km away from the airport, The Lalit Goa Resort, is about 90 minute drive from the airport and about 45 minute drive from the Madgaon railway station. This resort is well connected with NH-17 which runs through North Goa to South Goa and is only 3 km from the Palolem Beach.

The Organizers

NACE International Gateway India Section was established in 1992. It has become one of the largest and most active sections of NACE International through its significant contributions for the promotion of corrosion awareness in India. It has done this by organizing annual conferences/seminars as well as education programs and workshops every year. NIGIS is committed to enhance the quality and range of services and activities promoting awareness and control of corrosion. NIGIS has more than 700 members and has organized several CIP level-I, level-II and Peer Review certification courses and Refinery Corrosion course.

NIGIS has commenced the initiative to evaluate cost of corrosion to the nation. NIGIS also has programs to support students and has recently started Students Chapter at IIT Bombay.

NIGIS has organized fourteen annual conferences, thirty one seminars / workshops & sixty three corrosion awareness programmes on Cathodic Protection, Paint & Coating Inspection, Pipeline Corrosion, Fundamental of Corrosion, Industrial Cooling Water Treatment Management and Corrosion Control in Refining Process etc. These programmes are tailored to meet the need of the professionals in Indian industries and are regularly updated to include new inputs of technologies and their applications with a mission to minimize corrosion losses. These programmes are parts of Career Development activities of India Section to train professionals and equip them with state of the art knowledge in corrosion prevention and protection. Response to these programmes establishes the need for these trainings, for the industries. The activities of NIGIS provide a unique platform for engineers and professionals to deliberate on corrosion and benefit from shared experiences and knowledge. In the last decade, activities of NIGIS received tremendous response from Indian and foreign industries and exhibitors could demonstrate products and processes of corrosion control.

Exhibition Packages

As the official media partner for CorCon 2010, PetroMin Pipeliner is offering attractive display booth packages that will highlight your organization's products and services at the event. To take advantage of these packages or to find out more details, please contact salbiah@safan.com via email.
